**What is an appropriate
referral to us?**

**Ask yourself the
following questions:**

**Is the child aged 25 or
younger?**

**Does the child have
emotional, behavioral,
mental, and/or substance
use challenges that are
negatively affecting his or
her everyday life and the
life of their family?**

**Would the family benefit
from support in
navigating the
child-serving systems?**

**If you answered YES
to these questions, then you
have an appropriate
referral!**
